Dear Principal, English Panel Chairperson and English Teachers

Invitation to the dissemination seminar of

Quality Education Fund Thematic Network (QTN) on English Language (Primary) 2014/15

The Centre for Enhancing English Language and Teaching (CEELT) of the Faculty of Education at The Chinese University of Hong Kong (CUHK) has been commissioned by the Quality Education Fund (QEF) to establish the Quality Education Fund Thematic Network (QTN) on English Language (Primary). The aims of the QTN project are to facilitate primary schools to try out the resource package, as well as to develop their own school-based English curriculum for enhancing English learning and teaching.

In the second implementation year of the QTN (2014/15), four Hong Kong primary schools have been selected as the Core Schools to try out and further develop the Phonics module of the resource package while three Core Schools collaborate with three Partner Schools and ten Networking Schools to try out, extend and consolidate the Reading module of the resource package.

To celebrate the success of the second implementation year of the QTN, a seminar is now organized to disseminate the outcomes of the QTN to Hong Kong primary schools. The dissemination seminar will highlight how the resource package can benefit the development of a school-based English curriculum and teachers' professionalism. Teachers from the Core Schools and Partner Schools will also share their views on the effectiveness and the sustainability of the resource package in promoting quality English language education in Hong Kong primary schools.

We cordially invite you to participate in the dissemination seminar. Details are as follows:
